

Gearing up for Lean

and Green

FREE

Facility Analysis

Sending your productivity,
performance, and profits into overdrive!

Let us lead you to the road to Higher Profits,
Higher Productivity, and Higher Performance by
conducting a Free Facility Analysis.

Sherwin-Williams Facility Analysis will:

- Focus on a shop's spray booth, air flow and equipment to assess the readiness for **waterborne** implementation.
- Introduce you to the **HP Process™ Refinish System**. This system not only impacts your environment by reducing your carbon footprint, but also impacts your bottom line by helping you to paint more cars.
- Offer **equipment solutions** to match or exceed production and productivity when switching to our **AWX® Waterborne System** or **HP Process™ Products**.

Contact your local Sherwin-Williams Automotive Finishes Sales representative today to schedule your Free Facility Analysis.

To locate a representative near you,
call 1-800-798-5872 and reference this flyer.

Sherwin-Williams
Automotive Finishes

is dedicated to process
improvement and sustainability
in the 21st century and beyond.

We have developed
ground-breaking products,
services and training to assist
collision repairers in becoming
Leaner and Greener
by reducing hazardous
waste and reducing
their carbon footprint.
