TECHNICAL DATA SHEET

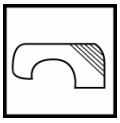
RS4201 - Red Acrylic Primer
RS4202 - Gray Acrylic Primer

DESCRIPTION

RS4201 and RS4202 Acrylic Primer Surfacer is a fast drying, easy sanding primer surfacer that offers excellent adhesion, fast filling characteristics, outstanding feather-edge characteristics and color holdout.

PHYSICAL DATA

4.59 pounds per gallon
Pot life is unlimited.



SUBSTRATES

Treated Steel, Fiberglass, Cured Body Filler, Treated Aluminum, OEM Enamels, OEM Lacquers, Refinish Lacquers, Refinish Enamels, Metal Etches.

MIXING

1
RS4201 or
RS4202

+

1
RS8000

APPLICATION

1. Spray at 8-9 psi at the cap for HVLP or 40-45 psi for conventional guns.
2. Apply 2-3 wet coats allowing 5-10 minutes flash time between coats.

DRYING

May be sanded in 15-20 minutes. Excessive film build and cool temperatures will extend dry times.

Final Sanding	Sandpaper Grit
To Seal	P400*
To Topcoat	P600*
	*or equivalent
