

SHERWIN-WILLIAMS A-PLUS ILLUMINATED SIGN PROGRAM

CABINET: 3 FEET x 6 FEET 0 1/2 INCH LOGO SIGN

This program centers around a basic 3'x 6' logo face which may be used in single or double face signs ... and for installation in a number of ways (see illustration). Faces are thermoformed of UV Polycarbonate (Non-Yellowing) material and decorated in red, blue and black on a white background. Sign cabinets are of extruded aluminum mill finish. Dealer name faces are thermoformed of UV Polycarbonate (Non-Yellowing) material with names applied in black vinyl letters. Illumination is furnished by high output fluorescent lamps on one foot centers and powered by 800 MA ballasts. All signs are UL listed and labeled.
